Seriously, this image makes me cry. Once again: a staff with one snake on it is the Rod of Aesculapius, Greek deity of healing and medicine. Two snakes makes it Caduceus, staff of Apollo, god of merchants and thieves.

That must be true in Earth history... like the ankh of spirituality was also on earth the Egyptian sign of rebirth & sanctuary on Logan's run. There must be some metaphysical reason these similar symbols keep showing up in alternate worlds with alternate meanings... I wonder.
